SUMMARY

Computer Systems Engineering student with hands-on experience in full-stack web development, AI API integration, and production deployment. Proficient in React, JavaScript, and REST APIs. Seeking a software engineering internship to build scalable, user-facing products.

EDUCATION

Sukkur IBA University

B.E. Computer Systems Engineering

Sukkur, Pakistan

2022 – 2026 (Expected)

- Relevant Coursework: DSA, Database Systems, Software Engineering, Web Development, Machine Learning, Embedded Systems, OOP

EXPERIENCE

Front-End Development Intern

Codantix

Remote

Jul 2025 – Aug 2025

- Completed a structured 60-hour front-end internship program, building and delivering web interfaces under professional mentorship
- Gained industry exposure to frontend workflows, code review practices, and production-level development standards

Freelance Web Developer

Self-Employed

Remote

2023 – Present

- Designed and delivered responsive, cross-browser-compatible client websites using HTML5, CSS3, and JavaScript
- Integrated REST APIs and managed full project lifecycle from requirements gathering to deployment via Git & GitHub

PROJECTS

Trivia Hub — AI CS Quiz App | React 18, Vite, Tailwind CSS, Express.js, Claude API | [GitHub](#)

2024

- Built a full-stack AI trivia game covering 12 CS topics; integrated Anthropic Claude Sonnet API via Express.js proxy for dynamic question and explanation generation
- Engineered features: 30s timer, Top-10 leaderboard, dark/light mode, sound effects, Web Share API, and PDF export

Weather Forecast App | JavaScript, REST API | [Live Demo](#)

2024

- Integrated OpenWeatherMap API for real-time weather data with dynamic DOM updates, error handling, and responsive UI

Portfolio Website | HTML, CSS, JavaScript | [Live Demo](#)

2024

- Built a mobile-first responsive portfolio with CSS animations and cross-browser compatibility; deployed on GitHub Pages

Interactive Calculator | HTML, CSS, JavaScript | [GitHub](#)

2023

- Engineered a browser-based calculator with keyboard support using modular JavaScript and event-driven architecture

CERTIFICATIONS

Google — Foundations of UX Design

Coursera, Aug 2023

[Verify](#)

Microsoft MLSA — Introduction to WordPress Web Development

Apr 2023

Microsoft MLSA — Git & GitHub Fundamentals

May 2023

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React 18, Tailwind CSS, Responsive Design, DOM Manipulation

Backend & Tools: Node.js, Express.js, REST APIs, Vite, Git, GitHub, Figma, WordPress, VS Code

Languages & DB: JavaScript, Python, C, C++, Java, SQL, MATLAB, MySQL **Concepts:** DSA, OOP, Agile, UX Design
